An Open Letter from Doyle Chambers

When I was in the military, I was trained on highly complicated communications equipment. Because the technology was top secret, I was locked in a vault for 6 hours a day. That lasted for 8 months. One piece of equipment had over 4,000 moving parts and inter-faced with banks of electronic circuit boards. There were over 200 mechanical adjustments that had to be made. If the tolerances were off by a small margin, the whole thing would not work.

After being trained, I was then transferred to Travis Air Force Base in northern California. It was the largest base on the west coast. It was known as the "GATEWAY TO THE EAST".

With my job duties, I had to repair and maintain the communications equipment located at all of the communication centers. I'd often get called out at 3AM to go figure out what was wrong with the machines. I had to fix them immediately. There was a lot of pressure on me.

In my fourth year in the military, I was chosen to serve in the NCMO. That stands for Navigation Communications Management Office. I was trained to manage and oversee basically everything on the entire military base, except for the aircraft.

I sat in the NCMO office -- by myself -- from 4PM until 12AM for five days a week. There were 7 black phones and 2 red phones. One of the red phones connected me directly with the base commander. The other red phone connected me directly with a major satellite defense contactor located 80 miles away.

The black phones rang continuously. I had to answer the phones by myself. The large command room was surrounded by white boards that I had to write on. I had to manage and keep track of all the maintenance being performed on Flightline Radar, Radio, Communications Equipment, the Air Traffic Control Tower, and the Satellites up in space. This job was very difficult, and the pressure was intense. Many

times I had to wake up the base commander in the middle of the night to give him an urgent briefing. I became very good at this job. I had to work in this office for 13 months. I was very glad when it was over. I was only 21 years old.

After being honorably discharged from the military, I worked at several electronic corporations near Dallas, Texas. One corporation had a Russian Nuclear Physicist who escaped from Russia. I worked directly with this man to develop new equipment used for treating breast cancer at Baylor University. This is only a small part of my resume. I'll spare you from the rest.

I've been building marketing systems for over 24 years. I've seen everything and done everything with marketing strategies.

BUT something very special happened in 1993. I and many others experienced great success with one sensible marketing system. Unfortunately, the owner ended everything after about a year -- and ruined it for everyone.

That simple system has haunted me for 20 years.

Yes, I've had many exceptional successes with many businesses. But - I've never seen so many people make so much money so quickly than with that one brilliantly simple system.

With ALL of my past experiences and abilities -- I have worked to re-create that unique system once again.

Frankly, I'd been considering re-creating that system for many years -- but I did not want to take on the burden of it all.

Even though the system is simple for participants, for me to set it all up was a GREAT TASK. There were many problems that had to be solved. The technical infrastructure for this system is immense...to put it mildly.

But I made the decision to do it - and here it is. I believe that after you take a closer look, you'll see that nothing even comes close to it.

Most people today are never able to create a substantial income - because their income is limited to only their efforts. They are simply trading their hours of work for someone else's dollars.

As long as your income is limited to what you can personally earn with your own two hands, then creating wealth will be difficult - if not impossible.

The Billionaire J. Paul Getty said it best, ***"I'd rather earn 1% from the efforts of a hundred people than I would a 100% from my own efforts."***

Read that again. Let it sink in. He's talking about **LEVERAGE**.

It's all about what you can do for others and how well you can attract and build your own network of people. This network can give you the applied LEVERAGE that you need to earn more money.

The Network is the MODEL.

Corporate people and business owners understand how important it is to build a network of people. Most of us don't even realize that we all have networks of people that we've developed throughout our lives.

For example -- if you work for a company, you contribute in some way to build their network. But who benefits from that network? YES, it's the company owners who get wealthy because of this network.

Here's a business model based on a corporate pay structure.

Level 1 - the working people who build and sell the product.

Level 2 - the management team that manages it all.

Level 3 - the OWNERS of the company.

There are only 3 levels in this traditional corporate payout structure. Everyone (at

every level) is involved in building a large network. Realize that this network makes the company owners very rich at the top level of the payout structure. Those at the lower levels earn less money.

So...here's the important question. ***Are you going to continue to make somebody else rich by building their network? Or - are you going to change the way you do things?***

100 years ago, 75% of the population was self-employed. What do you do when you're self-employed? You create a network of people who labor to create the product -- and people who do the selling. You make more money by owning your own business and creating your own network.

Most businesses require too much money to start up. That's the problem for most people. However, the money to start this business is very small, compared to thousands of dollars it would take to set up any kind of traditional business.

Let's talk about the importance of \$1,000.

If you were to take away \$1,000 from the people in America, what do you think would happen to them? Many of them would lose their homes or cars. Many of them could not endure the sacrifice of losing \$1,000 out of their budget.

Consider that if it's that important to not lose \$1,000, how much more important is it to gain \$1,000 or more?

What would an additional \$1,000 or more do for those same people?

If you work to build your own network of people with this business, you could earn a whole lot more than \$1,000. The good news is -- you can continue to work at your current occupation while you're building your network.

Every single day, thousands of dollars in orders flow into my office. I have already generated unbelievable profits with my special products.

These products:

- (1)...are in high demand and have a great interest to almost everyone.
- (2)...are extremely well received.
- (3)...have a high perceived value.
- (4)...are already manufactured and ready to sell with no hassles.
- (5)...are proven to make money.

Many people struggle with their own marketing business because they don't know what to sell, and how to create effective marketing tools that really work to generate consistent sales. But what if these obstacles could instantly be removed? I've already done that for you.

As a 20+ year master marketer, I understand exactly what many new marketers want and need:

a "ready-to-make-money-now pre-packaged, everything included simple fast start dealership system" -- which also includes low-cost marketing tools that work, and straight-forward instructions.

Yes, everything is handed to you on a silver platter.

My Three-Level Publisher's Profit Plan is the Real Alternative for Failing Marketer's - because of:

- ◆ Only THREE LEVELS.
- ◆ Applies STRONG LEVERAGE paying a \$100 COMMISSION ON LEVEL 3 .
- ◆ You can have an UNLIMITED NUMBER

OF DEALERS ON YOUR 1ST LEVEL.

- ◆ One-Time-Purchase. No ongoing monthly purchases.
- ◆ You AUTOMATICALLY BECOME A DEALER with the purchase of my System 8 product.
- ◆ This 3-Level structure provides for FASTER AND LARGER INCOMES than other programs.
- ◆ IT TAKES FEWER PARTICIPANTS AND LESS TIME TO EARN SERIOUS BIG MONEY.
- ◆ Just mail a few postcards each day and Generate a Growing Stream of Income.

I have a business model here that is based on the same 3 level corporate payout structure.

Executive Dealers can share in the profits that their dealers produce.

You receive commissions on three levels when individuals like yourself purchase my System 8 product. All commissions earned from this 3-level plan are based on the sales of my product.

Level 1 Pays \$ 50 →	Level 1	3	6	9 ⇒
Level 2 Pays \$ 60 →	Level 2	9	36	81
Level 3 Pays \$100 →	Level 3	27	216	729
Pays Down 3 LEVELS Unlimited Width	<i>Potential Growth & Income</i>	39 People \$3,390	258 People \$???	819 People \$???

With my Three-Level Publisher's Profit Plan, you'll be earning **\$50 on Level One** from your own efforts. Then you'll be applying massive LEVERAGE while earning **\$60 on Level Two** and **\$100 on Level Three** from the efforts of possibly hundreds of people. *That's Powerful!*

You will be assigned a Personal ID Number for you to put on your postcards. You simply mail postcards and I'll handle everything else for you. Your referred people must use your ID Number to submit their orders. All orders will come directly to my company - you will not be bothered with them. My computer tracking software keeps track of all the money from orders received, and paychecks are mailed out every other Friday.

You start out by mailing my System postcard to opportunity seekers. The more dealers you get, the more money you can make. Thousands of marketing enthusiasts are looking for fast selling offers like mine.

Recruit 50, 80 ...even 100 dealers.

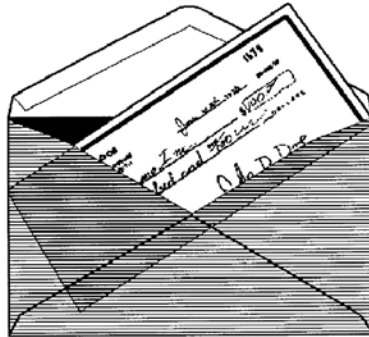

After that, you never have to spend a cent on mailings. Just sit back like a marketing executive and collect money from the work others do. Since I fill all customer orders, you can relax and take the day off...every day.

So...what is the System 8 product?

LOOK AT SYSTEM 8

I'll even show you how to mail POSTAGE FREE - by completely Eliminating Postage Costs. My "Free Postage Stamp System" can save you \$1,000's a year in postage.

Within every System 8 Postcard, there is a special box that refers people to "See System 2 page on my website to learn more about how to get hundreds, or even thousands of free postage stamps".

Because everyone will be fully aware of the Free Postage Stamp System, almost everyone who is **ALREADY** promoting System 8 will also purchase the Free Postage Stamp System. Everyone will feel they will **LOSE OUT** on built-in automatic sales for the Free Postage Stamp System - if they don't order it themselves.

IMPORTANT: You can only earn free stamps if you have already purchased the Free Postage Stamp System yourself. This one-time purchase requirement will generate more and more free stamps for you...and every one of your dealers.

Look at the possibilities.

Here's What \$14,000 Cash and 350 FREE POSTAGE STAMPS Looks Like in 60 Days:

1 -- In this **EXAMPLE** - you would be selling my System 8 product priced at \$297.

2 -- AT WEEK ONE: You mail 500 postcards at a cost of about \$220, including all mailing costs.

3 -- AT WEEKS TWO & THREE: You get a 1% response out of 500. That's 5 each Level One sales @ (\$50 commission) = \$250.

4 -- AT WEEKS TWO & THREE: Your 5 people also purchased the Free Postage Stamp System. That's 5 sales @ 70 Postage Stamps = 350 Stamps.

5 -- AT WEEKS FOUR & FIVE: If those 5 people also mailed 500 postcards and each of them got a 1% response, that's 25 people. THAT WOULD BE 25 ORDERS TIMES \$60 (Your Level 2 commission), WHICH EQUALS \$1,500.

6 -- AT WEEKS SIX & SEVEN:

If those 25 people also mailed 500 postcards and each of them got a 1% response, that's 125 people. THAT WOULD BE 125 ORDERS TIMES \$100 (Your Level 3 commission), WHICH EQUALS \$12,500.

7 -- AT WEEK NINE:

Okay. Do the math. In total - that's \$250 + \$1,500 + \$12,500 = \$14,250. After subtracting the \$220 mailing costs, you just made \$14,030 and 350 Free Postage Stamps in about 60 days.

The 3rd Level Payout gives you incredible LEVERAGE. You are earning **\$60 on Level Two** and **\$100 on Level Three** from other people's efforts, and that's why this plan works so well.

8 -- BUT WAIT...IT'S STILL NOT OVER YET! AT WEEK TEN: YOU MAIL MORE POSTCARDS USING THE FREE POSTAGE STAMPS!

From this point, you simply snowball the offer until you are mailing thousands of postcards.

What if you and your people got a response of 2% on 500 Postcards mailed...what would your NET PROFIT be? The answer is: GETTING BIG! Yes, there is serious money to be made here.

I know it may be hard to believe - but I average a 2% response...many times I have gotten a 4% response on these same POSTCARDS.

What if you and your people mailed 1,000 Postcards and got a 3% response? YOU DO THE MATH. The money made here is getting even bigger!!

NOTE: Because it is impossible to predict actual percentages of response on any program, the projections above could be more or less. Doyle Chambers cannot guarantee your income in this program.

I can teach you how to build a steady stream of income that all starts from a single sale to one person.

Each sale you make can automatically bridge into a future upgrade sale for an additional product.

With my system, you can sell one product which leads people into a 2nd higher-priced product purchase.

For many people - System 8 will be enough for them. However, for those people who want to earn even higher commissions -- I've created an OPTIONAL add-on system called "System 9".

System 9 does cost more - but you can potentially triple your commissions without doing any additional work.

Only those people who join System 8 FIRST, can join the add-on System 9. After you experience System 8, you may want to consider joining System 9.

Once people enter my integrated system - most will find it difficult to back out. It's built to compel forward momentum. Prospects end up selling themselves and instinctively see themselves in the driver's seat as a System 8 Dealer. The upgrade sales mechanism for an OPTIONAL Add-On System 9 is automatic and built-in.

Many people have asked, ***"Can I begin as a System 8 Dealer and wait to earn money before upgrading to purchase System 9?"***

Yes, you can! --- BUT you could lose commissions by waiting to upgrade into System 9.

Here's the catch: You can only earn dealer commissions on the specific system products you have actually purchased yourself. Non-buyers of my systems at no time are qualified as a dealer to re-sell and earn commissions on any system they have not purchased themselves.

Lots of people would be thrilled to earn a nice income retailing only System 8. These people won't take it to the next level by purchasing System 9.

However, the serious dealers will purchase System 9 so they can earn on both System 8 and System 9 sales made through their referrals.

Others whom you refer will be buying System 9. If you wait to upgrade into System 9, then you could lose money. There have been thousands of dollars in unpaid commissions because the referring sponsor was unqualified.

Others have asked, ***“How is it possible to promote both System 8 and System 9 products at one time?”***

All of the provided marketing tools are used to promote System 8 only. There are no marketing tools specifically for System 9. You simply use the marketing tools to promote System 8...and then System 8 will automatically do all of the work to convert people into System 9.

When you have purchased both products, you can effectively operate your business by mailing just ONE POSTCARD or ONE SALES LETTER.

That's right! Your referral prospects will read your Postcard or Sales Letter and go to my catalog website. After reviewing System 8, they will submit their product order. Whenever they purchase System 9, then you would start earning 3-Level commissions on System 9 (depending if you have purchased System 9 yourself).

People line up and purchase both systems -- and then start mailing postcards and sales letters as a dual-system dealer, which generates bigger and bigger commissions for you.

YOU CAN GET A REFERRAL WEBSITE WITH YOUR PERSONAL ID NUMBER...

In addition to using Postcards and Sales Letters, I also offer *Referral Websites to help build your business. You can choose to have

a Referral Website, or not. (*This is optional for an additional one-time setup fee).

YOU CAN PARTICIPATE IN THE REFERRAL WEBSITE TRAFFIC CO-OP...

A Referral Website Traffic Co-Op will be available (optional) to drive targeted traffic to the Referral Websites. We can generate the targeted traffic and “sequentially redirect” a portion of the visitors to Your Referral Website URL using an automatic sequential rotator. This Referral Website Traffic Co-op will help build your business by sending a steady stream of visitors to your Referral Website.
