1. "The Discovery of How People Used Postcards to Make Money"

In 1978, I picked up a Los Angeles Times Newspaper and saw an interesting full page ad. Joe Karbo told his story on how he got out of debt and made more money than he could spend. I immediately sent \$10 for his book, "The Lazy Man's Way To Riches". This important book ended up being the blueprint plan for my life's work. Joe Karbo was a master copywriter and marketer. His teachings were an unshakeable seed that grew inside me.

From Joe Karbo, I learned that a Sales Letter is a communication device to help people solve a problem. The better the communication, the more sales are generated from a particular sales letter. One good sales letter can bring in an enormous amount of money.

I recently heard the story about one sales letter created by an Internet Marketer in 2003. This man's sales letter brought in over One Million Dollars in less than 48 Hours. Another well-known information publishing company does over One Billion Dollars in sales...year after year. Their very persuasive sales letters are legendary in the marketing industry.

2. "How I used postcards to build a successful 30-year marketing business."

From 1988 through 1994, mail order money-making magazines and tabloids flourished. Some of the most powerful full page sales letters appeared in those publications. My entire house was filled with BOXES containing these money-making publications. Eventually, I ran out of space for the boxes. I was forced to cut out ONLY THE BEST full page sales letters from all those publications. Then I threw away what remained. All those sales letters filled up 20 Storage Boxes. For years I used these powerful sales letters as the ULTIMATE RESOURCE for creating my own sales letters and postcards.

I started my business in 1989. I had no money. But I was inspired to make it happen. All I had was my Mother's old typewriter. I started writing small reports and selling them with ads in small newspaper publications. I started making more and more money...because I reinvested my profits into more ads. Soon I was able to purchase an LCII Apple computer and a postscript laser printer. A mail order friend had some desktop publishing software called ReadySetGo! Learning how to use this software is what changed everything for my business. I was able to create amazing sales letters that were combined into one catalog. For many years my success grew.

A Side Story...Here's what a Small Town Millionaire taught me about the Multiple Income Solution.

Many years ago I met a man named Fred - who owned a number of businesses in town. I was eating at his restaurant and he came over and started talking about business. Me, being the inquisitive type, jumped right in with all sorts of questions.

This wildly successful restaurant owner told me that he also owned a "piece" of the town gym, two pizza parlors, another fancy restaurant, a golf course, and a landscaping business. Fred also owned several rental properties. **In total, Fred had over eight (8) different income streams.** Fred was a very rich man.

The next thing Fred revealed to me was astoundly brilliant. I hope you can appreciate this as much as me. ***I asked him, What was his "model" for business?*** Not in locating businesses, or what types of products to sell. I wanted to know his philosophy. What Fred said fascinated me. Not only in its simplicity, but in how profound his answer was.

You'll be **BLOWN AWAY** by what this Rich Man told me next. **You can quickly start applying this same multiple income solution in your own life.** You'll learn how to do this WITHOUT buying or running any type of local business. I can show you how to collect money in multiple ways NATIONWIDE...doing some pleasant work only a few minutes a day from your home.

I Created an Automated Cash Register that Sells Something Original that is in High-Demand. That's it. I Turned Everything I Do Into a Cash Flow Center. I learned how to build the marketing machines that do all the work, not only for me - but for everyone. My Machines do all of the "SELLING". I started placing ads and mailing postcards that actually brought me back cash orders. I ran one ad for 15 years straight in 9 different major opportunity magazines. This ad allowed me to be in front of Millions of people every single month.

Directly from my ad, people bought the FIRST low-cost product that I was selling. Then I had people lined up to buy more of what I was selling on the back-end (upgrade products, MLM, or whatever). My complete sales funnel process showed people the entire marketing system that sells and sponsors...automatically. MLM companies come and go. Over 6 years, I had to CHANGE MLM programs upwards of 30 times BEFORE I finally made a home run.

For a time period of just one year, I worked my Postcard Marketing System with one particular business opportunity. That was over 25 years ago. Because of my efforts from that one year of working my postcard system, I've been collecting a very big check every single week for the last 25 years from that one company. All of that money made was a result of the work I did one time...over 25 years ago. And I'll continue to receive that weekly income for the rest of my life...and beyond that for my heirs. That is the magic of residual income. By 1994 - I was earning an enormous monthly income from one MLM company. I had over 30,000 downline members. Since 1994, I have received a fat residual income check EVERY SINGLE WEEK

from that one MLM company. YES I have gotten paid for over 25 years. For over 30 years, I've been teaching people how to combine postcard marketing and network marketing to build a lifetime residual income. Today, I mainly use postcards to generate a continuous cash flow through SALES of high-demand original products. This makes \$1,000s daily. What I sell appeals to a full 100% of the marketplace.

3. "Everyone CAN sell something using Postcards. Everyone SHOULD sell something."

An effective Sales Page or Postcard is salesmanship multiplied. The income producing power is multiplied many times over. The sales pitch is written down so thousands of people can read it online...all at the same moment. The Web Sales Page delivers a persuasive sales message - so you don't have to. The Sales Page or Postcard goes to work for you automatically as your salesman...selling to every person who sees it. This powerful method of multiplying your efforts through Sales Pages and Postcards has made many people rich. You are leveraging your time and multiplying your salesmanship by using these easy marketing methods. These Sales Pages and Postcards are effective tools to interest other people and draw them into starting their own business. This selling process is much easier now than it ever has been! I want to help people get started selling good things so they can earn real money for their families.

4. "Postcards can successfully be used to sell almost any kind of product or service."

Yes, it's possible to create a specialized postcard to promote almost any kind of product or service, such as: Information products, Physical products, Affiliate Products, MLM programs, Membership services, etc. (*Marketing Tool: Look at System 7 in my Catalog) Once you start with one postcard campaign, you'll quickly understand how postcard campaigns can be modified to promote almost any kind of product or service.

5. "Postcard Marketing VS. Internet Marketing"

There seems to be a "disconnect" in people's minds when it comes to online marketing. Many people seem to think that the Internet is always the BEST place to start promoting their business. Think about this logically. One might think because there are MILLIONS of people online, SURELY getting lots of people to come to a website will be easy. Sadly, it's not. How come? You cannot put up a website and magically have people show up. It doesn't work that way. People online can only find you by searching with KEYWORDS, or through some type of online direct advertising method. Gaining a real understanding of HOW to

get traffic to your websites can take YEARS to understand. You have to wade through all the noise and confusion. It's really tough.

Online Marketing companies sell marketers all kinds of tricks and short cuts. But hardly anyone understands what they're doing. You can spend thousands of dollars, and years of your life -- and still not have a thing to show for it all. I once had an online marketer call me to discuss my business offers. This man knew far more than me about the technical aspects of online marketing. He had built over 60 websites. He told me he'd never made a single sale on any of his websites. NOTHING. After working for FIVE years, this man had failed miserably. This man was very intelligent, and also massively frustrated. This is just something to consider if you're about to wander off into the elusive world of online marketing.

NOW...having said all that. Let's talk about the word of mail-order marketing. Because so many people have migrated over to try their luck at online marketing, mail-Order marketing has become an even more effective way to promote any good business. The field is WIDE OPEN for you and I. Do YOU realize that half of the U.S. households STILL do not own a computer? Seems hard to believe, but it's true. This is why Mail-Order marketing remains such a GIANT opportunity for most people.

6. "Mail order postcard marketing offers simplicity, lack of competition, and QUICK results."

Understand this...from the time you mail out your postcards with your money

making offer, you could be generating sales within just a few DAYS. If I were to mail YOU one of my postcards, my postcard may be one of the only marketing postcards you receive for that day. My odds are pretty good that you'd open and read my postcard. My postcard will have your full attention. You may sit in your favorite chair and actually READ the postcard several times.

THIS is why the average person has a BETTER chance to make money through mail order marketing. (*Marketing Tool: Look at System 1 in my Catalog) When it comes to making money, mail-order marketing is hands-down the easiest way possible. First, you get some copies of a postcard printed. Next - get a good mailing list to send your offers to. Then, put a label and a stamp on the postcard. Mail the postcards and you're done! The average person with NO prior marketing skills or experience can earn good money by mailing well-written postcards.
