### 1. “Brian from Montana mailed postcards to successfully promote his high-cost marketing service.”

Brian charged his clients up to \$20,000 for his marketing services. Brian setup custom designed postcard marketing campaigns for powerful marketers who sold almost every kind of product. Brian said, “I personally used postcards to market my own copywriting service business. With postcards, I was able to directly reach businesses of all types who paid me small fortunes to create their postcard marketing tools. I learned about their businesses and custom-made their marketing plan. I trained them how to use postcards to bring in more customers than their businesses could handle.” Brian learned more and more from working with different types of businesses. Brian had the ability to market almost anything with postcards. Brian’s postcards were very simple in design, but his sales message was captivating.

### 2. “Multiply Your Efforts Through Postcards.”

If you’re going to sponsor a lot of people into this business, you must multiply your efforts through the concept of duplication! By handing out postcards to 14 people every day, you’ll have a

chance to present the business message to each one of them individually...but all at the same time (during that one day). You must learn to leverage your time through duplication. By mailing out 14 postcards per day, you are multiplying yourself 14 times and reaching 14 people each day with the business message. You can easily afford the time and money to mail out just 14 postcards each day. And to top it off...you can mail the Referral postcards to people you know who live in all parts of the country. With time, your organization will expand all over America - not just in your local area.

### 3. “What Happens When A Low-Performance Driver Operates A High-Performance Race Car Or Postcard Marketing Business?”

NEWS STORY: A man stole a Ferrari Testarossa and then crashed into a tree only two blocks away. The police found the car thief slumped over and bleeding. He was arrested. The news reporter said, “That’s what happens when a Low-Performance Driver operates a High-Performance vehicle. Your MLM business is a high-performance vehicle that requires great skills to drive. DO YOU KNOW HOW TO DRIVE IT AND WIN THE PRIZE OF LIFETIME RESIDUAL INCOME? How you answer these two questions will determine your failure or success in this business.

# A Side Story...Here's what a Small Town Millionaire taught me about the Multiple Income Solution.

Many years ago I met a man named Fred - who owned a number of businesses in town. I was eating at his restaurant and he came over and started talking about business. Me, being the inquisitive type, jumped right in with all sorts of questions.

This wildly successful restaurant owner told me that he also owned a "piece" of the town gym, two pizza parlors, another fancy restaurant, a golf course, and a landscaping business. Fred also owned several rental properties. **In total, Fred had over eight (8) different income streams.** Fred was a very rich man.

The next thing Fred revealed to me was astoundly brilliant. I hope you can appreciate this as much as me. ***I asked him, What was his "model" for business?*** Not in locating businesses, or what types of products to sell. I wanted to know his philosophy. What Fred said fascinated me. Not only in its simplicity, but in how profound his answer was.

You'll be **BLOWN AWAY** by what this Rich Man told me next. **You can quickly start applying this same multiple income solution in your own life.** You'll learn how to do this WITHOUT buying or running any type of local business. I can show you how to collect money in multiple ways NATIONWIDE...doing some pleasant work only a few minutes a day from your home.

QUESTION #1: From your business, are you expecting to earn an extra \$500 per month to help pay your living expenses?  
QUESTION #2: From your business, are you expecting to completely revolutionize your lifestyle by creating a permanent substantial residual income?  
All the time, people ask me low-level perspective questions like: "When can I expect to break even?" Consider that the start up cost is only a few hundred dollars and they want to know when they can break even. THAT IS LOW-LEVEL THINKING. Most people join an MLM business and mistakenly treat it like a quick cash system. When it fails to produce the expected quick cash in 2 months, these people eject themselves from the business and move on to their next failure. To be straight with you - quick one time money comes from a job - not a serious business. All serious businesses take years to grow. A serious business person doesn't make a big investment to start a traditional business - and then ask the question "Can I expect to get my initial investment back in two months?" No - that is ridiculous. Short term expectations for quick money to help pay your living expenses is a mindset for certain failure with this business.

#### **4. "Postcard marketing creates a strong business for everyone."**

Weakness in all its harmful forms has increased exponentially in North America. Weak people always choose the path of least effort, and then complain about their empty basket. Weak people do not even stay the same, they get worse over time sinking deeper into the mud. Weak people ignore real opportunities that will produce lasting wealth. Weak people chase quick money with ever-increasing confusion and

frustration. And worst of all, weak people do not seek out successful people to follow so they can advance into a more productive lifestyle. Weak people only follow other weak people, and therefore have poor judgement and low-level abilities. America was built on the strength of great men and women. These men and women persevered in their dreams and goals to achieve the impossible. Strong people choose the path of great obstacles and greater rewards. Strong people do not complain because they're too busy striving. Strong people ALWAYS find a successful mentor and follow them to create their own lasting success. Strong people conquer and keep getting stronger producing greater abilities to achieve higher goals. Strong people help other people in countless ways. Strong people serve as role models to be followed. Weak people can be transformed into strong people by learning and following truly successful people. What causes weak people to follow strong people? Admitting to themselves that they have failed up until now and that they need help. When this occurs, a weak person becomes teachable and coachable with a growing attitude to do what is necessary to succeed in life.

## 5. “Decide how much income you want to earn, then start mailing postcards.”

A real MLM Business is a high-performance vehicle. It's hard to handle and tough to drive because it is so incredibly powerful. But in the hands of a trained, experienced high-performance driver, the high-performance vehicle is controlled and the race is won! The grand prize winner of the race wins lifetime residual income. The loser continues to report to an employment building and work 40 hours a week job duty. Most people work 40 years and end up broke. However, people who continuously work for 1 to 2 years at building this business end up financially set for life. Compare these two strategies. Which plan will you choose? The “40 years working to end up broke plan”. Or, the “Build your business in 1 to 2 years and be wealthy plan.” This is totally up to you. I learned that mailing 30 postcards a day will get the job done if patience is applied over at least one year's time. Mailing 30 postcards a day will fit most people's budget. HOWEVER, the big problem is that most people are extremely impatient. Impatient people start whining and over-analyzing by the 2nd or 3rd month. They are right on track to be successful, but their low-level thinking and increasing impatience starts to take over their mind - and then they quit. In order for you to win this MLM game, you must operate at a very high level with your understanding and be able to control your emotions. If you allow your thinking to sink to a low-level - YOU WILL FAIL! 30 postcards a day is a small input. And yet, most people expect a large output...FAST! There are people in my organization who mail 10,000 postcards per month and their

business is obviously growing faster than those who mail 30 postcards a day. HOWEVER - THOSE PEOPLE CAN AFFORD TO SPEND MORE MONEY TO BUILD THEIR BUSINESS FASTER. (\*Marketing Tool: Look at System 2 in my Catalog) If you operate on a small input of 30 postcards a day, then you must have patience over at least one year. Anyone can be successful by consistently mailing 30 postcards a day over at least a one year time period.

## 6. “What kind of response can I expect from mailing postcards?”

You must gain the long-term expectation for slowly, but steadily building an ever-growing lifetime residual income. This is the mindset for creating overwhelming success. Now, let's take a close look at the big picture...this is where you must focus your mind. Whatever amount you spend this year on mailing expenses, your RETURN ON INVESTMENT will be HUGE over the course of your lifetime. If you mail 30 postcards a day, or 180 postcards per week -- you will be spending approximately \$100 a week on mailing postcards. \$100 multiplied times 50 weeks is \$5,000 (tax deductible) for one year's mailing expenses. 4% is an average fair response for a good postcard. If you get a 4% response on a total of 9,360 postcards mailed in one year, that would be 374 responses. Many of those 374 people will join your business. Of course, your income depends solely upon your efforts with this business. If you continue to build a strong business, the income will potentially last throughout your lifetime! Consider the potential income...it is absolutely astounding.
