1. “How Art from Oklahoma used postcards to create residual income.”

Art graduated with a business degree from a major university, and yet he was failing. After holding several corporate jobs, he was tired of the rat race. That’s when Art started learning about mail order marketing. Art said, “I joined a business opportunity that had over 100 products. I wasn’t very good with talking to people locally so I created a postcard to do the selling for me. I mailed out the postcard, and the phone started ringing with interested people. The people not only asked about the company products, but they seriously wanted to mail postcards like me. I was surprised. But I figured out a way that all of them could mail that same postcard to build their businesses. Everyone’s business grew fast. My monthly residual income started to increase. This lasted for several years until the business opportunity made changes. The people became disillusioned and dropped out. But I had learned a valuable lesson. I just kept on going with my postcards and a new business opportunity.”

2. “DIAMOND People Are Waiting for YOU to Discover Them with Postcards!”

The DIAMONDS I am referring to are

Strong Go-Getter People who consistently take action to produce great results in their lives. These Diamond People will make the strong commitment to build their business...and your business too! To find the diamonds you must effectively use a good postcard. The postcard you use should appeal to virtually anyone...from all backgrounds ...to all economic status...from doctors to ditch diggers. Unfortunately, the vast majority of people in North America are “weak people”. Weak people do nothing and accomplish nothing in their lives. This is just a sad fact. To be successful with this business, you must systematically sort through the weak people to find the diamonds.

3. “How Super Marketers can help you build your postcard marketing business.”

The diamond people are out there waiting for you to find them. You don’t know who the diamonds are or where they live. You must search in the same way a diamond miner moves and sifts through the dirt to discover the diamonds. Unfortunately, weak people cannot be transformed into diamonds. Their minds are turned against themselves. (*Marketing Resource: Look at System 5 in my Catalog) Diamond people are DISCOVERED, not created. The same as a lump of coal cannot be transformed into a DIAMOND.

A Side Story...Here's what a Small Town Millionaire taught me about the Multiple Income Solution.

Many years ago I met a man named Fred - who owned a number of businesses in town. I was eating at his restaurant and he came over and started talking about business. Me, being the inquisitive type, jumped right in with all sorts of questions.

This wildly successful restaurant owner told me that he also owned a "piece" of the town gym, two pizza parlors, another fancy restaurant, a golf course, and a landscaping business. Fred also owned several rental properties. **In total, Fred had over eight (8) different income streams.** Fred was a very rich man.

The next thing Fred revealed to me was astoundly brilliant. I hope you can appreciate this as much as me. ***I asked him, What was his "model" for business?*** Not in locating businesses, or what types of products to sell. I wanted to know his philosophy. What Fred said fascinated me. Not only in its simplicity, but in how profound his answer was.

You'll be **BLOWN AWAY** by what this Rich Man told me next. **You can quickly start applying this same multiple income solution in your own life.** You'll learn how to do this WITHOUT buying or running any type of local business. I can show you how to collect money in multiple ways NATIONWIDE...doing some pleasant work only a few minutes a day from your home.

5. "How mailing postcards prevent you from being distracted."

IF YOU DON'T FULLY UNDERSTAND HOW TO PLAY THIS MLM GAME -- THEN YOU CAN'T WIN THE GAME! Be patient, knowing that in the end of this endeavor -- YOU WIN BIG! Several years ago I read an interesting article entitled "To Increase Your Success Rate, Just Say NO!" The article went on to state that highly productive people actually work far less than failures. They don't work as hard, they work fewer hours, and they experience fewer frustrations, while achieving more and earning greater rewards. I believe this article hit on a characteristic that most successful individuals share. THEY HAVE A PLAN AND THEY REFUSE TO BE DISTRACTED. They know the difference between what is vital and what is urgent. They say "no" when necessary. THEY UNDERSTAND THE POWER OF FOCUS.

6. "How to stay focused by mailing postcards every day."

Let me share my personal strategy for staying focused on my MLM business. Every morning I create my "30 new contacts" action list. Thirty is my magic number for success (which is based on insurance salesmen's "30 new contacts a

day" strategy developed in the 1940s). My goal is to mail 30 recruiting postcards to new contacts every single day. This is the most important vital business activity I must accomplish each day in order to stay on track with my business goals. I thrive on accomplishing this activity and realize without this plan, the urgent distractions that are always just around the corner could keep me from having business success. Follow this important principle of spending time on the things that bring the most reward from your MLM business.

I've found that mailing 30 postcards a day to complete strangers is the one activity that has taken me from being an average networker to a very good one --- as long as I didn't forget that rule, as long as I send the right mailing piece, and as long as I stay with the right horse to win the race. Hilton Johnson calls this process - "eating frogs for breakfast". In other words, I need to get that frog off my plate every morning if I'm going to build long-term residual income. Remember that focus (backed up by action) creates the results you desire.
