### 1. "How Robert from Idaho used postcards to successfully generate millions in just two years."

Robert first found out about postcards from a part-time clown, who was also a direct-marketer. This party clown taught Robert how to effectively use postcards. Robert said, "I never thought postcards could work for me. I always thought I had to personally talk and convince people to buy what I was selling." After Robert started using postcards to market his opportunity business, he couldn't believe the increase in people joining each month. Not only were people interested in the nutritional products, those people said they joined because they wanted to make money by mailing those same postcards that Robert was mailing.

Robert said, "I didn't anticipate the strong interest that people would have toward using postcards to market a business. I always just talked about the company's products." Robert had meetings with his business group and spent a lot of time talking about mailing postcards. From there, Robert went on to become one of the top leaders in his business opportunity. Robert said, "I owe my success to mailing those little postcards. They caught on quickly, and my business grew. I was making some very big money in just a short time."

### 2. "Take Ownership of Your Postcard Marketing Business Now"

Now that you have joined the business, it's time for you to take ownership of your business. Taking ownership of your business means taking personal responsibility for creating your own success with your business. In other words, your success is up to you entirely. That's right! Your success is entirely up to you. Success begins with a decision, and failure to make a decision guarantees failure in life. If you're going to succeed in America, it's real simple: Don't work for somebody, work for yourself. You must be willing to pay the price by making sacrifices that empower you to be intense in the early business building stage of your business. You must develop and maintain a sense of urgency.

You are the owner of your business. It is imperative to your success that you become familiar with every aspect of your business. Commit to personal growth by reading, listening to audio, watching training videos. Have the big vision to build a national and eventually an international business. Understand the importance of having a long-term commitment. Remember -- the big money is earned in the 2nd, 3rd years on.

# A Side Story...Here's what a Small Town Millionaire taught me about the Multiple Income Solution.

Many years ago I met a man named Fred - who owned a number of businesses in town. I was eating at his restaurant and he came over and started talking about business. Me, being the inquisitive type, jumped right in with all sorts of questions.

This wildly successful restaurant owner told me that he also owned a "piece" of the town gym, two pizza parlors, another fancy restaurant, a golf course, and a landscaping business. Fred also owned several rental properties. **In total, Fred had over eight (8) different income streams.** Fred was a very rich man.

The next thing Fred revealed to me was astoundingly brilliant. I hope you can appreciate this as much as me. ***I asked him, What was his "model" for business?*** Not in locating businesses, or what types of products to sell. I wanted to know his philosophy. What Fred said fascinated me. Not only in its simplicity, but in how profound his answer was.

You'll be **BLOWN AWAY** by what this Rich Man told me next. **You can quickly start applying this same multiple income solution in your own life.** You'll learn how to do this WITHOUT buying or running any type of local business. I can show you how to collect money in multiple ways NATIONWIDE...doing some pleasant work only a few minutes a day from your home.

Starting a long-term network marketing business is like starting a new traditional business. If you think you are going to get rich in the next three to six months -- you are highly mistaken! It takes time, money, and effort in this business -- just as it does in any business. Network Marketing will not make you rich QUICK. Unfortunately, too many people will give up or stop working after three or four months, when they don't get rich quick. Actually they are right on track for creating total financial success. For those who keep working consistently and apply patience, at the end of six months, they'll be earning a nice profit. At the end of one year, your business will be in position for total financial independence. If you work consistently, this business can make you very wealthy -- SOME DAY IN THE NOT TOO DISTANT FUTURE. For those who are willingly focused -- the long-term rewards are sure to come. You determine the amount of income you want to earn with your own business. You determine the number of hours you want to work in developing your own business. Your own business grows through working each day to complete one high-value goal, which is sponsoring new people into your distributor organization.

### **3. "You need a proven marketing system that provides you with a postcard recruiting tool and concise training."**

Mailing postcards is one method by which you can sponsor new people into your business. But, don't forget that mailing postcards is the "method". The true high-value goal is to successfully recruit new people. In my long business career, I have rarely seen a person fail who said to himself "I CAN!". One person I signed up was a disabled man

named Bill from Ohio. Bill took immediate action and his business is growing by leaps and bounds. There are many things I would like to say to those who say -- "I can't, or I don't have time, or I work all day". But I hold my tongue because that is all hogwash. Since day one, man has always found time to do whatever he wanted to do, like: fish, hunt, bowl, golf, play cards, and on and on. TO SAY THAT YOU DON'T HAVE TIME TO MAKE MONEY IS A JOKE. If Bill can do this business, who is disabled and can't drive -- then you simply can't talk fast enough to make me believe you can't do this business too. You are the only thing standing between you and a potential \$5,000 a month in 9 to 12 months. Hundred of people are doing it now. No business succeeds without a long-term business plan. (\*Marketing Tool: Look at System 10 in my Catalog) I have worked out that fast growing business plan. Now get to work and join me on the road to prosperity.

### **4. "Postcard Marketing FAST TRACK ACTION PLAN. "**

YOU join and activate your business. 1) Within the first 30 days, you find your 3 committed people to fill up your first level. 2) Then within the next 30 days, you help your 3 people to get their 3 committed people to fill up their first level. 3) Within the next 30 days, their 3 people get their 3 committed people. 4) Allow 2 to 3 years (or more) for your Commissions to potentially be MAXIMIZED. At this point, the potential monthly income is very substantial. Additionally you'll be earning more and more money from the bonuses...making your income potential truly UNLIMITED. (\*Marketing Resource: Look at System 11 in my Catalog) By understanding this Fast Track Action Plan, you can see the

potential of maximizing your Business in about 2 to 3 years. It may take less time or it may take longer. Does it really matter how long it takes? If you keep working at it - it will happen eventually.

## **5. "POSTCARDS ARE THE BEST WAY TO BUILD YOUR ORGANIZATION."**

Everyone coming aboard makes two commitments: 1) YOU start using the products to improve/maintain your health and remain active on the product autoship program. 2) Find AT LEAST 3 people to make the same two commitments. Some will find 3 very easily. The minimum is 3, no matter how long it takes. So, that makes it a cinch for everybody, since nobody is against the clock. As long as you don't stop trying, you'll eventually find 3 committed people. Right? Once a person has 3 people on their first level, any additional people they find will automatically be placed on their second, third, fourth level, etc. This builds strength from underneath in your organization. It provides a strong foundation. EACH PERSON STILL LOOKS for new recruits even though they may already have

"found" or "have" 3 first level people. And when they find new recruits, they will be placed under the last person who joined in their own three legs. This "spill-over" of new recruits helps everyone in their downline to build at least one of their legs. EVERYONE continues this process downward, forever. People in your organization will start seeing their downlines grow very fast, because all the excess (spillover) is placed below in your lower levels. Money starts flowing into EVERYONE's pocket very quickly from the commissions paid on product purchases. The all important enthusiasm and excitement is then generated, thus propelling your downline organization into becoming a very powerful money tree, growing bigger, reaching farther than you can imagine. Very soon, your money tree produces an ever-growing lifetime residual income for you and your family.

## **6. "Your Postcard System Must Have Automated Upgrades Where There Is NO Sales Anxiety."**

Your postcard marketing campaign should initially sell informational the first course and make immediate cash. Then, the course has built-in offers that automatically sell more informational courses for you. Your front-end courses can pay \$50 - \$100 and the "bigger courses can pay you \$197 - \$1000. Then at the end of the line, you are taking all of those buyers who sent you money for multiple courses, and then back-ending them into your chosen MLM program. You can't sell only one low-end item...because it won't pay for your postcard marketing campaign or give you any true profits. You must sell multiple products with built-in back-end offers.
